

The diagram consists of two main rectangular boxes. The top box is light blue and contains two elements: a smaller white box on the left labeled 'Server' and the word 'Jádro' (Kernel) to its right. The bottom box is light orange and contains the word 'Software'. A large white arrow points downwards from the 'Server' box to the 'Software' box. A second large white arrow points upwards from the 'Software' box towards the 'Jádro' text.
